SEED LIBRARY

Seed and Plant Resource OUTreach~ Supporting Seed Sovereignty

Thank you for growing these seeds! To keep better records we ask you to fill out as best you can a seed-story/descriptor list for each variety of seed you borrow/return. Please PRINT clearly. Label seeds well in case they become separated from this sheet. Fill out this form with information on the seed packages or jars when you check them out. Fill what you can while you grow them. The more information you include, equals happy plants and less confused gardeners! Questions? Ask the seed librarian ~ sproutreach@gmail.com ©2010-2016

Seed-Story Descriptor List

common name _____

family name _____

botanical name _____

new seed or generation # _____

garden location _____

date planted _____

planting conditions _____

planting depth _____

days to germination _____

days to harvest _____

Plant height _____

'fruit' harvest size _____

color/shape _____

flavor _____

productivity _____

storage quality _____

disease resistance/susceptibility:

pertinent plant-story or cultural notes:
-write on the back-

name _____

contact info _____
